

Udesh Chaskar Bhaskaran

By profession, a Masters in Exercise Physiology; a sport scientist that researches, trains and studies the Malaysian national elite athletes (HPT) at high competitive levels, looking into marginal gains by a millisecond, resulting into podium finishes. Yet he has amazingly been able to divide his time and effort into Youth Development as well. Previously an officer to the Ministry of Youth and Sports of Malaysia, Chaskar is well known to be a moderator, speaker as well as a trainer in the government sector for youth as well as social development. Not forgetting being nominated as a board member to the Task Force by the Ministry of Youth and Sports of Malaysia, serving as an advisor towards Youth Intellectual Capacity Building. Completing his Bachelors from University of Malaya and pursuing his Masters in Sports Medicine from India, and often travelling to the United Nations, U.S it was then the idea of having to set up a Youth Base Network that would not only empower but train and lead youths to be more resourceful and being able to give back to society. Being the founders and CEO of Osiris International & AllChat World, he is proud to continue his mission towards raising more TRUE youth leaders in all regions, standing hand in hand believing in the principles of life; Living For The Greater Good! As he always says: *“Everything is possible for anyone to achieve, as long as they are committed”*
