

**Faezah Md Jais Bsc App Rehab  
Physiotherapist  
National Sports Institut of Malaysia**

Faezah Md Jais is currently working as a Senior Physiotherapist in the Physiotherapy and Sports Rehabilitation Department at the Medical Division in National Sports Institute of Malaysia. She has been working with the Malaysian National and Developmental athletes including in the clinic, training venues and local or international competition for almost 15 years with an extensive experience in Musculoskeletal Sports Injuries.

Her current interest includes promoting injury prevention at the grassroots level in order to help optimizing the sports performance and potential throughout all sports in Malaysia to achieve the highest level of participation and winning medals in International events such as at the Olympics.

She is a former Malaysia Netballer and has been working as the team physiotherapist for the Malaysia Netball since 2002.
